Summary

I am a **B.Tech Computer Science (AI & ML)** student with strong skills in **full-stack development (MERN)**, **Python**, and **Java**. I gained hands-on experience at **Accenture** working on **Oracle CPQ**, Automation using **Blue Prism** and PL/SQL, and real-world enterprise solutions. I've built and deployed real-time and ML-powered web applications using React, Node.js, Flask, and Streamlit. Quick learner, and eager to contribute to impactful projects.

Education

C V Raman Global University, Bhubaneswar Oct 2022 – March 2026
B.Tech in Computer Science Engineering, **CGPA: 9.21**

Experience

Packaged App Development Associate Intern May 2025 – July 2025
Accenture | Mumbai, India

- Worked on Oracle CPQ for real-time configuration and customization tasks.
- Learned automation techniques using Blue Prism, Generative AI and PL/SQL.
- Gained industry exposure to Oracle-based enterprise application workflows and implementations.

MERN Stack Intern Dec 2024 – Jan 2025
Edunet Foundation | Remote

- Completed a 6-week internship under the Next Gen Employability Program.
- Gained hands-on experience in developing modern web applications using the MERN stack.

Projects

Collab Docs github.com/Swagat003/CollabDocs

- Developed a real-time collaborative document editing platform where multiple users can simultaneously create, edit, and manage documents with synchronized updates.
- Tools Used: MERN Stack (MongoDB, Express.js, React, Node.js), WebSockets, JWT Authentication.

DATAGEINE - Dataset Building System github.com/Swagat003/DATAGEINE

- Developed a platform to automate the creation of image datasets based on user-provided class names and keywords.
- Tools Used: Python, Flask, Streamlit, APIs, Gemini API.

HUNGER – Food Order Web Application github.com/Swagat003/HUNGER

- Built a Java web application for food ordering and management with database integration.
- Tools Used: Java Servlets, JSP, MySQL, CSS, AJAX, JavaScript.

Technologies

Languages: C, C++, Java, HTML, CSS, JavaScript, ExpressJS, ReactJS, NodeJS, Python, SQL

Technologies: MySQL, Oracle, Oracle CPQ, MongoDB, Blue Prism, SocketIO, Vercel, Figma, Git

Soft Skills

Hobbies: Sketching, Photography, Editing

Soft Skills: Creativity, Analytical thinking, Adaptability
